```
class Entry extends React.PureComponent {
  render() {
    const {first, last, handle} = this.props.data
    console.log(`${getCurrentTime()} Rendering: ${handle}`)

    return (
      <tr>
        <td>{first}</td>
        <td>{last}</td>
        <td>{handle}</td>
      </tr>
)
  }
}
```
